## Riverwater Partners Named to PSN Top Guns List of Best Performing Strategies for Q1 2023

*Quarterly PSN Top Guns List published by Zephyr identifies best-in-class separate accounts, managed accounts, and managed ETF strategies*

**Milwaukee, WI – May 22, 2023** – Riverwater Partners has been named to the celebrated *PSN Top Guns List* of best performing separate accounts, managed accounts, and managed ETF strategies for Q1 2023. Riverwater's Sustainable Value Strategy was recognized for being among the top performers in PSN's Small-Mid Value Universe, PSN's Mid-Value Universe and US Equity Socially Responsible Universe.

The highly anticipated list, published by Zephyr, remains one of the most important references for investors and asset managers.

"With the growing interest in separately managed accounts, the PSN Top Guns List has attracted greater attention," says Margaret Tobiasen, SVP of Data Distribution who cites PSN's pioneering efforts as the first SMA database as the reason for the list's popularity. "Riverwater has done remarkable work and we are pleased to include them as a top performer."

The Riverwater Sustainable Value Strategy seeks to provide attractive risk-adjusted returns versus its benchmark, the Russell 2500 Value Index. The Riverwater Sustainable Value Strategy is a concentrated portfolio of small and mid-sized companies generally between a range of \$250mm and \$20B in market capitalization. Riverwater's Sustainable Value Strategy is managed by Adam Peck, CFA. Learn more about the strategy at <https://riverwaterpartners.com/esg-small-cap-value-strategies/>.

"I am proud that the Sustainable Value Strategy has been named to a number of PSN Top Gun lists. We focus on strong risk-adjusted returns using traditional and ESG factors," says Adam Peck, CIO of Riverwater. "It is this focus and our disciplined process that we believe drive our favorable downside protection and low beta to the market."

Through a combination of PSN's proprietary performance screens, the [PSN Top Guns List](#) ranks products in six proprietary categories in over 75 universes based on continued performance over time.

In the Mid Value Universe, Riverwater's Sustainable Value Strategy was named Top Gun five-star rating, meaning our strategy had an r-squared of 0.80 or greater relative to the style benchmark for the recent five-year period. Moreover, the strategy's returns exceeded the style benchmark for the three latest three-year rolling periods. Products are then selected which have a standard deviation for the five-year period equal or less than the median standard deviation for the peer group. The top ten returns for the latest three-year period then become the 5 Star Top Guns. Additionally, the Sustainable Value Strategy was recognized for having one of the top ten returns for the quarter and one-year period in its respective strategy.

In the Small-Mid Value Universe, Riverwater's Sustainable Value Strategy was recognized for having one of the top ten returns for the quarter and one-year period in its respective strategy.

In the US Equity Socially Responsible Universe, Riverwater's Sustainable Value Strategy was recognized for having one of the top ten returns for the one-year and three-year period in its respective strategy.
